Sands Space History Center

CREATIVE ACTIVITIES PROMOTING EDUCATION

Hybrid Rocket Fuel

Rob Fabian, Chief Operating Officer at Vaya Space, will provide a special presentation on hybrid rocket fuel. This program will be an introduction to people of all ages on new exciting developments in rocket propellants. Join us for this opportunity to learn and re-energize! This program is part of an outreach series organized to celebrate 75 years of launch activity from Florida's Space Coast.

Free Admission!!!
