RCA Forms Boat Club
- The RCA Missile Test Project at Patrick AFB has formed its first official association, the Misselboatmers, Inc. The club is a non-profit organization formed by the cooperation of various service organizations, to provide Boat Club facilities.

Big Bird Goes "Boom":
- 25,000 Spectators Witness Perfect Missile Launching

Service Club Notes
- A Square Dance is scheduled for Tuesday, May 29, 8:30 p.m. for all Members and families. Prizes will be awarded for most creative costume. In addition, there will be an open dance on Sunday, June 4th, for those who wish to attend.

Cancer Crusade Nets Patrick AFB
- Close To $3,000

Pistol Team To Be Picked
- Section 7-1, Patrick AFB, will be the site of the first Kelly Convoy, which is scheduled to begin on June 23rd.

Convenient Closet Yet Can't Forget
- The last day of school is approaching, and it's time to think about what you'll need for the new semester. Here are some tips to help you prepare:

Slow Down and Live Campaign Vehicle Safety Check Underway
- The campaign's goal is to reduce the number of traffic accidents and fatalities by encouraging drivers to perform regular safety checks on their vehicles.

Air Force 'Navigator' Back Again
- The Air Force returns to the title of "navigator" for one week. The week started on May 19th, and will continue until May 25th.

Patrick North American American Winner of Safety Award
- By submitting nearly 300 reports of near misses and safety recommendations, Patrick North American has been recognized for its commitment to safety.

Applications Ready For Boy Scouts
- Applications will be available to all boys involved in the Boy Scout program. The application process will begin on June 4th, and will continue until June 10th.

New Mental Tests For Pilots Found
- The use of mental tests for pilots has been widely debated. Some argue that they are necessary, while others believe that they are ineffective. A new study aims to address these concerns.

Airl's Art! Who Says It's A Dogs Life!
- "Art! Art! Who Says It's A Dogs Life!" is a new exhibition featuring works by local artists. The exhibition is open to the public and will run until June 30th.

- "Art! Art! Who Says It's A Dogs Life!" is a new exhibition featuring works by local artists. The exhibition is open to the public and will run until June 30th.
Consider A Moment — How would you feel if YOU had been the one to crush the life from that little boy with the heavy wheels of your automobiles? How can it be true that such things as these have happened on the streets; but he was too young to realize the danger. He was playing in the God’s Army of childhood, happy, carefree—hopping over life that was suddenly snatched away. Driving his teddy and twisted little body lying in the street as Death placed a film over the inning eyes and froze a mask of horror over the once handsome face.

How would YOU feel! Would it help sooth your conscience to say to yourself, “The boys just wouldn’t slow up in time,” when you had known for days or weeks they weren’t operating properly, but had put off having them checked and repaired until some more “convenient” time?

No, it didn’t happen to you, but it could have happened.

It still can’t! Insufficient brakes, bad tires, inoperative safety devices, with traffic lights at night, defective steering mechanism—any one or many of these things may sometime come to your kill or maim some fellow, or even yourself.

But you wouldn’t give a thought to the possible? A vehicle safety check lane will be set up at Patrick AFB during the latter part of May 1956. Qualified personnel will be present to check your vehicle and will give you the proper and correct advice and recommendations that will ensure your safety.

The service is free and is a part of the overall program designed to encourage the safety of passenger vehicles and to recommend corrective measures.

This service is available to every Florida motorist and is given as a favor of the advantage of the opportunity! KNOW that your car is safe and FREE from all danger on the streets and highways.

My America —

By Dr. William F. Conover

What symbolizes America depends on the individual and the times. Today it is the red, white and blue flag that appears on the flagpole in every city. A national symbol that emphasizes the fact that we are a part of the world outside.

Recently I stopped in front of a schoolhouse to watch a group of children who were putting the American flag on a pole. I overheard them say, “Oh, yes, you’re a part of the whole world.”

“Notice those happy kids,” said one of the adults. “And how proud they are of their country.”

But what is that which we call “America”? Is it the flag that you hang on your wall and then forget about? Is it the country you go to when you travel and you know that you are leaving from home? The totality of the world is not really America. It is America that we remember. It is America that we frequently see.

It is an American symbol that stands and is a part of the world outside. It is a part of our lives.

During the time I have spent traveling with my husband all over the United States and in Alaska, I have looked into interest in the various areas’ programs of help to the underprivileged and service projects of time in need.

I have seen many instances where the basic personal touch into the lives of a project has made all the difference in the world. A teacher educational aide visiting the homes of an underprivileged family is a very important contribution to the improvement of the family’s life.

I visited a school in a poor neighborhood. The teacher educational aide was a very important person in the life of the family, as she was the only one who could speak with them in their own language.

It is interesting to see how important it is to have a person who speaks the language of the family to help them.

A very interesting experience was visiting a school in a poor neighborhood. The teacher educational aide was a very important person in the life of the family, as she was the only one who could speak with them in their own language.

**AB Rockets Rock EG Kiwanis Nine**

The Patrick Rockets and the EG Kiwanis nine played a thrilling night game at the North Brevard County League season with a standing room to victory for the Air Force Base Little League nine.

The game, played Tuesday at 22 Patrick, started with a kickout by outfielder Joseph R. Williams, base umpire and top Little League base.

Patrick Thoms of the Rocket five went on the way with a running hit and brews up in the plate. He struck out then hit and was on his legs with no hit until the last inning.

He had his no-hitter when Krist of the Kiwanis slammed out a leaping home and treated the boys for the only run of the opposing team.

**Boomers Nip Snarks in Little League Play**

Active continued in the two little league exhibition crowns over the Snarks in their first game of the season, to the Romans 16.

Lefley Rogers, of the Snarks, offered control and batted well, but was outwhitened with a few base hits. The Snarks now have the first run of the game. Durin pitcher, one of the Snarks, stranded out the Snarks and after tying up the Snarks, was thrown out by the Snarks and got the Snarks out in the third. The final coming to be charged with the Snarks. The Snarks was now down to the Snarks and Larkin battle it out. There will be serving game coming.

Each team will play three rounds of 12 games each, each tie will be added at Aug. 15. The Snarks will be played every day Monday through Saturday of each week. On Tuesdays and Wednesdays, the Snarks and Rockets will play in the county leagues at Ponce De Leon.
